“Getting To Know You” Mrs. Julie Conway

What is your role at Our Savior?

I am the homeroom teacher for 6th and 7th grade. I teach middle school math and science and this year am teaching world geography.

What is your favorite Our Savior experience or story?

Several years ago, Mr. Couser challenged us to be more intentional in the way we incorporated faith standards in core subjects. I began using a DVD made by Answers in Genesis, and was surprised not only the connections the students made between science and the Bible, but by my growth as well.

What is your favorite subject to teach? Why?

My favorite subject to teach is science, although my favorite subject to do is math. I love science because of the ability to do so many hands-on activities and the ease at which I can incorporate the Bible.

6 cups Microwave Popcorn

When you want a large snack with a small calorie count, popcorn delivers. Some microwave brands have just 100 calories in 6 cups. You have to chew it, so it's satisfying. It's also high in fiber, which can help you stay full longer.
